

Believers Roast
presents
Roast Fest

A day of beautiful, far out and unique music, **Roast Fest** is an all day event centred around the label **Believers Roast**, organised in association with **A Badge Of Friendship**. It sees some of the UK's most inventive and progressive acts performing together on one bill, including **Knifeworld**, **Admirals Hard**, **William D Drake** and **Thumpermonkey**, plus DJ **Max Tundra**.

Roast Fest gathers many compositionally unique and forward-looking artists to **The Unicorn's** stage for the first time. Musically adventurous, colourful and dynamic this free all-dayer promises to be a showcase of the true British underground.

As a companion to **Roast Fest**, **Believers Roast** will be releasing a compilation album, **The Central Element**, on October 31st. It will feature exclusive songs that have been submitted by all the acts performing. Copies can be pre-ordered at **The Genepool** website.

12th November 2011
