After building up a stellar reputation among fellow musicians while touring Europe and the US, **Keith Top Of The Pops & His Minor UK Indie Celebrity All-Star Backing Band** are releasing their debut album - *Fuck You! I'm Keith Top Of The Pops*.

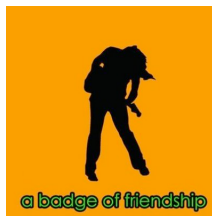

The band were formed by chance during an **Art Brut** show at **The Knitting Factory** in New York, when the support act pulled out at the last minute, and **Keith** and two members of the headline act joined forces to play some of **Keith's** songs. Since then, the band has existed in a constant state of flux, with band members often being recruited a few minutes before the show, and numbers ranging from just **Keith** and a drummer to 24 musicians, and a brass section, sharing the stage!

The band live by two rules - no rehearsals and no soundchecks - to ensure that every song they play sounds different every time. This novel approach is applied to the track listing on *Fuck You! I'm Keith Top Of The Pops*, as they were arranged based on the songs' first ever performance.

**Keith** has also attracted a fantastic line up of musicians to record alongside him, including **Dyan Valdes** of **The Blood Arm**, **Fruitbat** and **Jimbob** from **Carter USM**, **Keith Murray** and **Chris Cain** from **We Are Scientists** and **Ian Catstiltskin**, **Eddie Argos** and **Jasper Future** from **Art Brut**.\* As a result, the sound is a collection of wonderfully chaotic freeform rock tunes that sound like a cross between **The Fall** and **Half Man Half Biscuit**, with more bitter and twisted undertones.

With an album tour due in September, **Keith Top Of The Pops & His Minor UK Indie Celebrity All-Star Backing Band**, are sure to ruffle some feathers in the UK Indie music scene over the coming month.
