Boasting a new line-up, a new sense of purpose and a new album destined to blow the roof off 2010, London's **Union Sound Set** rise from the still flaming ashes of hotly-tipped soar-rockers **Prego**.

Original Prego members, **Edd Simpson**, **Casper Williamson** and **Simon Britcliffe** embarked on a new creative path, and with the inception of Union Sound Set, were given the impetuosity to go on and write a stunningly evocative sound that is bound to cause a flutter in the heart of music lovers everywhere.

"Brilliant. They make massive-bolloxed' new shoe' rock and will make you feel so much in heat you'll rub your arse ragged on the new lino" - NME

Having completed tours with the likes of **The Boxer Rebellion**, **The Stills**, **Red Light Company**, **People In Planes** and **Fightstar** last year, the band took on a new guitarist **Dan Best** and drummer **Alex Walker** and are about to release their incredible debut album **Start / Stop**, due for release on October 24th on **Mighty Atom** and produced by **Manics** and **Spiritualized** knob-twiddler **Guy Massey**.

Finding their line-up bolstered and their epic shimmer rock sound gaining beef and mettle in the vein of **Band Of Horses** and **The National** on tracks like *"Here's To You"* and *"Years Days Months"*, the band felt like the release was a new start. Enter Union Sound Set: new kings of UK post-rock, set to shatter minds and speakers across the globe.
