Irish duo **Hvmmingbyrd** - aka **Deborah Byrne** with **Suzette Das** - are ready to charm your ears with the shimmering electro-pop sounds of their new single **Gozo**, out on **4th August 2017**.

Inspired by a euphoric trip to the island of Gozo, the track fuses together warm, sensual vocals with throbbing, electronic beats and heartfelt lyricism to create something truly blissful. *Gozo* flows with twinkling, glitchy melodies and the intricate harmonies of Byrne and Das, resulting in a dreamy, effervescent haze.

Forming Hvmmingbyrd in early 2016, Deborah and Suzette met through mutual friends to create their unique brand of sparkling electro-folk. Their music has already been featured on **Made In Chelsea** and in **H&M** stores worldwide, as well as previously supporting the likes of **Jaguar Ma**. They have already made a name for themselves in their home country, having been supported by the likes of **Nialler9**, **The Irish Times** and **The Last Mixed Tape** to name but a few.

Now, ready to unveil their ethereal sounds to the rest of the UK and beyond, **Hvmmingbyrd**'s new single **Gozo** is out on **4th August 2017**.
