Mt. Doubt
Mouthwash

Band: Mt. Doubt

Single: Mouthwash

Label: Scottish Fiction Records

Release Date: 15th September 2017

For Fans of... The National, The Twilight Sad, The Birthday Suit

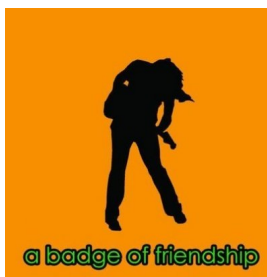

Following the success of their latest EP *The Loneliness Of The TV Watchers*, Edinburgh's **Mt. Doubt** are due to release their instantly infectious single, ***Mouthwash***, on **15th September 2017** via **Scottish Fiction Records**.

An uptempo sonic delight, *Mouthwash* is filled with jangling riffs and synth-filled melodies throughout. These are combined effortlessly with front-man **Leo Bargery**'s distinctive, deep baritone, sounding akin to the likes of **The National's Matt Berlinger**. With the addition of some twinkling vocal harmonies and rich poetic lyricism, it's a hugely infectious slice of indie-rock.

Of the track, Bargery explains: "I think of *Mouthwash* as a bit of a sister track to 'Reference Books' from our most recent EP. Whereas the former focuses on the lust-rush of forays into new relationships, *Mouthwash* explores the opposite end of that experience; the gradual disintegration, the subsequent moping, the self-pity..."

Starting out as Leo Bargery's solo project, Mt. Doubt has since expanded into a collective of five musicians, each bringing something unique to the table. Since the release of their critically acclaimed albums *In Awe Of Nothing* and *My Past Is A Quiet Beast*, and most recently *The Loneliness Of The TV Watchers*, Mt. Doubt have received praise from the likes of **The Scotsman**, **The National** and **Team Rock**, as well as **BBC 6Music** and **BBC Radio Scotland**, to name but a few. They are also no strangers to the Scottish live circuit, having performed at **T In the Park**, **Brew At The Bog** and supported **We Were Promised Jetpacks**, **Admiral Fallow** and **White Lies** amongst others.

Mouthwash is out on **15th September 2017** via **Scottish Fiction Records**.
